RE: Municipal Representation on the Trent Conservation Coalition Source Protection Committee – Selection of Candidates

Following our letter to you dated December 8, 2022, we have received a second nomination from municipalities within the Kawartha-Haliburton Source Protection Area. This nomination process served to identify candidates to fill one vacancy on the Source Protection Committee (SPC), who will represent all member municipalities from our Source Protection Area.

The City of Kawartha Lakes has made a nomination for the second member. Supervisor, Policy Planning Paul Pentikainen is the candidate moving forward in the appointment process. As per O. Reg. 288/07 of the Clean Water Act, 2006 all municipalities identified above are included in the grouping of municipalities in the Kawartha-Haliburton SPA. A formal council resolution endorsing Paul Pentikainen as the SPC representative for this area would be appreciated. We plan on bringing this matter to our Source Protection Authority Board to approve the appointment and a council resolution supporting this appointment as soon as possible is requested in order to support the SPA in its decision.

A suggested resolution is included below:

Resolved, That, Township of Brock endorse City of Kawartha Lakes Supervisor, Policy Planning Paul Pentikainen as the Kawartha-Haliburton municipal representatives on the Trent Conservation Coalition Source Protection Committee.

We would also like to take the opportunity to thank all municipalities for their continued cooperation in protecting our municipal drinking water sources. Your efforts are greatly appreciated.
