Subject: No parking signs installed on James Street in Sunderland
To: <[REDACTED]>

Good afternoon

I am writing this email as per the direction of Lynn Campbell, who I have shared my concerns with

Yesterday, May 29, 2023 I was surprised to see no parking signs installed on James Street. While the address of my home is [REDACTED], the driveway for my home and main entrance is off of James Street. I messaged Lynn to inquire as to how the decision occurred and she shared with me that it was a result of multiple complaints from our neighbour regarding traffic congestion.

I was greatly disappointed that the township made this decision without speaking to myself and my neighbor, who are two of the five homes on our street. I am not sure about the other two parties, but it doesn't really impact them as they are able to continue to have parking in front of their home on one side of the street and our neighbor occasionally parks in the bell building driveway that connects to their property.

At no time has this been discussed with me by the neighbor, who launched the concern, or anyone else for that matter.

I can appreciate that at times it can be congested but the situation is an outlier and not a norm. From my experience throughout our town something every street experiences when people have visitors or move cars around in the driveway. The exact reasons why street parking is available in all communities.

I would appreciate if the township could reconsider the parking restrictions and at least allow a full street of parking on one side of the road to accommodate convenience for all homes located on James Street while supporting the concern and perspective of my neighbor.

If someone could get back to me as soon as possible, I would greatly appreciate it

Kind Regards
Christi Lindensmith
