

May 19, 2023

To the attention of Brock Mayor & Committee members.

Hi, My name is Doreen and I am requesting a change to the posted 50kph speed limit on Osborne St to a reduced 40kph speed, due to Safety Issues witnessed recently, and an increase of traffic, dangerous drivers, road rage and B+E's, vandalism, theft and most recently, which is in the hands of police.

Witnessing a family of four stopping in front of my home not taking in consideration the rush hour traffic at 1:20 that Saturday.

Seeing cars race parallel North or South on Osborne St, making unsafe passing moves, rear-enders occur to name a few incidents, must cease.

Please install Speed Bumps, reduce to inside Town speed to 40kph. And install Photo Radar, my lawn has room.

A No Stopping Sign, will prevent what I witnessed on May 13th from happening again.

As we do not have a Police Presence, we need safety measures in place to prevent more fatalities due to speed and inattention on Osborne St. I do not want to see another May 13, 2023.

Please reduce the speed, install Speed Cameras & a No Stopping Sign.

Thank You, Doreen Wenderberg
