Planning Act Section 51(24) Review**

Section	Evaluation
<p>In considering a draft plan of subdivision, regard shall be had, among other matters, to the health, safety, convenience, accessibility of persons with disabilities and welfare of the present and future inhabitants of the municipality and to,</p>	<p>The proposed plan of subdivision is intended to implement the Region's and Township's planning approvals to date for the community of Beaverton, in particular the approved Township Official Plan. The comprehensive planning process for the Township has been carried out in keeping with Provincial policy having regard for the health, safety, convenience, accessibility and welfare of present and future inhabitants of the Township. In particular, the Official Plan is based on principles developed through that process in accordance with provincial plans, and the Region of Durham Official Plan.</p>
<p>(a) the effect of development of the proposed subdivision on matters of provincial interest as referred to in section 2;</p> <p>Section 2 identifies matters of provincial interest which the council of a municipality "shall have regard to" such as:</p> <ul style="list-style-type: none"> a. the protection of ecological systems, including natural areas, features and functions; b. the protection of the agricultural resources of the Province; c. the conservation and management of natural resources and the mineral resource base; d. the conservation of features of significant architectural, cultural, historical, archaeological or scientific interest; e. the supply, efficient use and conservation of energy and water; f. the adequate provision and efficient use of communication, transportation, sewage and water services and waste management systems; g. the minimization of waste; h. the orderly development of safe and healthy communities; 	<p>The effect of the development of the proposed plan of subdivision with respect to the relevant matters of provincial interest, recognizing the location of the subject lands in a settlement area, is summarized as follows:</p> <ul style="list-style-type: none"> a. The Mclennans Creek that is outside of the proposed subdivision is to be protected and zoned in an environmental protection zone. A swale has also been incorporated into the subdivision to maintain the natural drainage through the subdivision. b. The subject lands form part of the Beaverton Urban Area and are designated for development as "Residential Area". c. No natural resources have been identified on the subject lands. d. The required archaeological studies have been conducted and appropriate protocols established with respect to development to ensure the protection of any archaeological resources. e. Based on the background work and Township and agency review, conditions
