Hello Wayne: Sorry for the delay in this email, I was away for the March Break and then realized I had not sent a reply after the meeting for the Sunderland Old Harvesters.

It is our opinion that we would like to see the ice surface increased to the 80' X 200' size even if that meant only 4 dressing rooms. For adult hockey the current size is limiting. We still play games versus other Oldtimers teams and they do not want to come and play in Sunderland because of the small ice surface. When we have our own team skates we play 4 v 4 to accommodate the smaller ice surface. Our team believes an increase in the ice surface would make the project worthwhile.

We are hopeful that this will be able to be accommodated with this project.

I am scheduling a meeting of the adult user groups only for Sunderland Arena on Tuesday March 5th at 7pm at the Sunderland Town Hall basement banquet room.

Please only have one or two members from your respective group in attendance for this meeting.

We will only be discussing the arena renovation project during this meeting.

Please confirm receipt of this email and advise who will be attending on behalf of your organization.

Thank you,
