Subject: Re: Beaverton skate park makeover

Good morning Deena,
Thank-you for your response.
What i am proposing is a community effort to cleanup the Beaverton skate park (located on Beaver River at the old mill gateway)
I would like to help to the capacity of painting and directing participants (student and aspiring artists alike) in a new paint job (murals) on all existing ramps in said park.
These projects have proven to deter random vandals from sprawling profanities all across these public spaces in the past in other communities, bringing the people together forging bonds, and friendships alike.
As far as cost goes, i was thinking of canvassing local businesses to help fund the project by way of donations and fundraising.
Thank-you for your time and i hope this finds you well,
RW

To whom it may be of interest,
My name is Ron Wineck (Ronnie's Painting Services)and i would like to propose a community driven makeover of the local skate park.
As you may be aware of the current state of the park (vandalised and littered with profanity) and as a parent am ready to see a change of scenery.
I have been directed to put together the proposal of a community based cleanup/makeover project.
I would love to help spearhead this initiative by offering my services and knowledge to help make our local skatepark a more engaging and kid friendly environment.
I have 20+years experience in the field of large scale mural production and have worked with artists of all ages to beautify public spaces in the past.
If this is something that may interest you please let me know
Thank-you for your time and consideration,
R.W.
