

Dear Mayor Schummer and Township of Brock Team,

Congratulations on the recent unveiling of your concept plans for MacLeod Park! It's exciting to see the community engaged in shaping this cherished space, and we are thrilled by your vision to create a park that balances recreational amenities, accessibility, and sustainable green spaces along the Trans Canada Trail.

As Director at Trans Canada Trail, I wanted to extend our support and encourage you to consider applying for grants through TCT to help bring your vision to life. Our funding programs support projects aligned with the goals in your plans, including accessibility improvements, trail construction, and tree planting. These grants could provide valuable resources to enhance your design, ensuring it meets the diverse needs of the community.
