Township of Brock
1 Cameron Street E, P.O. Box 10
Cannington, On L0E 1E0

Attention: Mr. Mike Jubb

Dear Mike;

This is a follow up letter from your discussion with Paul Thatcher. The Via train shelter has been relocated to the property between our Meeting Place and Brick House. We were able to have this done by Steve Dawson at the reasonable price of \$2,500.00.

The Historical Society is a non-profit organization and \$2,500 is a lot of money for us and would to ask if the township would support us in the amount of \$500.00 towards the move.

The shelter now has a permanent home and we plan restoration this spring to include it as part of our Beaver River Museum to help show and educate our community just how important the rail line was for this area.

Thank you for your support and the cheque would be made payable to the Historical Society. We can make arrangements to pick it up at your convenience, unless the mail strike ends.

We hope that you will join us, targeting before the May long weekend to celebrate this new exhibit.

Kindest regards
Heather Salzman
