

Good day,

We live at 37 Jardine St Beaverton. In our neighborhood there are a lot of kids under the age of 15 down to toddlers, 2-year-olds that run and play on the street and on the driveways. And our concern is the 40 km. Speed limit is way too fast.

We hope that the speed limit would be lowered in residential areas to only max 25. The speed 40 doesn't give enough time to stop if one of the many children run from behind a car.

I want this neighborhood to be safe for children to enjoy playing outside.

Thank you

Dorothy Herriman
