

Request to Reduce Speed Limit on Ethel Park Drive
October 7, 2025 5:35:34 PM

Dear Members of Brock Township Council,

I am writing to respectfully request that the posted speed limit along Ethel Park Drive be reduced from 50 km/h to 40 km/h, in line with the surrounding residential streets that are already designated as 40 km/h community zones.

Ethel Park Drive is a residential area with a significant number of families and children. Many local students walk along this road each morning to reach their school bus stops, yet there are no sidewalks for them to use. This forces them to walk on the roadway itself, creating unnecessary risk when vehicles are travelling at higher speeds and the dark snow filled streets are another concern.

Lowering the speed limit to 40 km/h would help create a safer environment for children, pedestrians, and cyclists. It would also bring consistency with the rest of the neighbourhood's speed limits and reinforce the community zone designation that this area already represents.

Thank you for your attention to this important safety matter. I appreciate the Township's continued commitment to keeping our neighbourhoods safe and family friendly, and I hope you will give this request your serious consideration.

Sincerely,

Julie Lindsay
112 Ninth St, Beaverton, ON L0K 1A0, Canada
