---

Greetings,

We had to make a revision to the trail through Sunderland for 2026 and beyond. We were not successful in gaining land access to several properties north of Sunderland.

We have found an alternative and I wish to share the new route with the Town council.

I enclosed a picture and I hope this revision is satisfactory with the Town council. The stretch of trail is from the rail trail along Brock concession 7 crossing Hwy 7 and continuing for approx 900 metres for a total of 2.41km.

The property on the northwest side has allowed us access but in the 2027/28 season due to crops currently on the field.

Thanks,

Jerry Pedersen, VP  
Heart of Ontario Snowmobile Club
