Subject: CBM expansion proposal
Date: July 18, 2022 8:29:21 AM

I forward this short note, to once again, voice my and my wife's objection to this proposed expansion and will simply say that we fully agree with Mr. Ian Adams well-presented letter to the Mayor in its entirety. Local resident's concerns must be respected, especially with respect to noise, dust and potential negative impacts to water quality of both the nearby wetlands and residential wells. Any rehabilitation "promises" to existing or future excavations must be ensured as well.

Robert & Pat LaFontaine
