Attn: Ingrid Svelnis
Acting Chief Administration Office

Hello Ingrid,

Greatly appreciate the in-person meeting on Friday, June 17th 2022 pm to give me background on my vacant land property in the Township of Brock.

I would like from this meeting information discussed to put forward for a official request from The Township of Brock Council to allow for:

- the purchase of road allowance access for this presently "land locked parcel"
- Roll No. [REDACTED]

I do understand and accept that there will be costs for purchase and will need to go through all Township procedural, approval and or voting actions before my request can be possibly approved. From my understanding the land parcel is up to date on all tax's to the present year of 2022 with no liens or other covenants on the property.
