P.S. Please Please we also need a speed reduction on this road. Sixty is way to high for people walking and children playing and just general safety. These crazy drivers have made this road their personal speedway for thrills. Please make sure that my request gets on the agenda for the next council meeting. Please HELP !!!

Subject: Help

PLEASE we need help on this Road of Concession 9 Brock off HWY 12 going West towards Lake Simcoe. It has become a very dangerous place to live. The speeding up and down this road is out of control. We have lived here for 44 years on this road and each year it just gets increasing more dangerous. Someone is going to get killed or seriously hurt. The speeds that these people drive can be anywhere from 80, 90 and easily up to 100km per hour and even more, and the posted speed sign is 60km. We need someone to declare this road as a community safety zone. Also, we need speed humps put in down the road. We also need LED signs put up OFTEN. Whatever help you can give us, I know that ALL the people on this road would appreciate any and all help. You can reach me at [REDACTED]

[REDACTED] Please leave message.

Westcott

Thank you Regards Sheila
