**PROPOSED AMENDMENTS  
TO  
TRAFFIC BY-LAW 957-88-PP,  
AS AMENDED**

Winter Parking Restrictions

Municipal Lot Parking Permit  
Sunderland - Pilot Project

## NEW PROPOSED WINTER RESTRICTIONS

Starting November 15th through to April 15th, **no** overnight on-street parking and parking in a Municipal Lots (unless permitted) will be permitted between the hours of **12:00 a.m. and 7:00 a.m.**, regardless of weather conditions, to allow for thorough and efficient winter maintenance operations.

Ability of Municipality to declare a **Winter Weather Parking Ban** for inclement weather including freezing rain or when Environment Canada forecasts 7 cm or more of snow in the Brock area. The Winter Weather Parking Ban will be called to support clearing operations and will continue until the Township issues notice that it has been lifted. When a winter weather parking ban is called, the Township issues a special advisory to social media, local media and website.

Note: The 3 hour parking restriction will remain in effect for the dates outside of the winter maintenance period.

## PERMIT TO PARK MUNICIPAL LOT

Allow for permit to park on a select Municipal Lot between 12:00am and 7:00am (Phase 1 – Sunderland)

Permit application will list eligibility requirements, fees and policies and will be issued by the Clerk

Overnight Permits in winter when on-street overnight permits are not permitted, it provides residents options to not park on street, allowing for little impact to snow operations

A monthly permit fee structure is anticipated to off-set the initial costs of sign purchase, cost and installation and annual costs of maintaining this policy.

# Proposed Municipal Parking Permit Lots

SUNDERLAND ARENA SOUTH  
PARKING LOT  
(15-20 OVERNIGHT SPOTS)

SUNDERLAND MEDICAL CENTER  
WEST REAR LOT / AND PORTIONS OF  
MAIN LOT
