52	Jason Weese	 Kirkfield	I would love to see my surrounding Community's move forward with with the times in a positive manor allowing atv/utv or any other recreational vehicle that is plated and insured on the roads all year round, with respect to each individuals choice of transportation. It is unfair to expect a person or family to have buy multiple very expensive machines to get around and enjoy the most from their lives.	2022-06-21

90	Cole Tanya	 Woodville	AtV has to have a plate and insurance so why can't we ride and respect the road laws ? No difference than a fishing license .. pay and play It's doesn't make sense as for dirt bikes should be plated and insured too If teens can ride a snowmobile and take written test and drive and honestly Snowmobile theses day are way faster but they get to cross the roads or drive up to a gas station and it's fine ? It's so childish! Far for one far for all !	2022-06-22

112	Leslie DESCHAMPS	 Beaverton	I've lived here just shy of 20 years and have never had an incident with a 4 wheeler. I own 2 and use them rarely lately due to this bylaw and a "Karen" for a neighbour. There are 3 young men that out on their quads, in the brickyard, often and they are quite courteous and have helped when stuck on more than one occasion, so I take exception when I hear negative comments about "the young ones causing the problem" as this is not the case.	2022-06-25

128	Jenn Baron	 Cannington	I grew up riding on the old railway bed in blackwater. It was a safe place for us to ride and we rode responsibly in the area prior to being banned from it by the snowmobile club. I believe the trail system should be open to atv's as well during the spring/summer. Much like in the Kawartha's who operate much like the snowmobile clubs of ontario.	2022-07-22
