

To: Ingrid Svelnis [REDACTED]
Subject: letter of support

Hi Ingrid,
I hope this email finds you well and enjoying the spring weather!

Ingrid, in the past, Brock Township has provided a letter of support for a funding request that we submitted to Ontario Health/Central East LHIN. That request did not gain any traction at the time. Ontario Health has put out an expression of interest for new and expanded Community Health Centres. We are submitting an expression of interest to expand our centre and its capacity to serve the rural population of Brock Township.

We are asking for one physician, 2 Nurse Practitioners and various other support staff. (Social Worker, System Navigator, Registered Practical Nurses etc.) It is our intent to be able to provide phlebotomy (blood work) services for the community at large as well. Given the supportive housing project and the new developments this funding would give the community much needed support.

I have attached the letters from the past for your review. The new proposal is larger than the past proposal.

Please let me know your thoughts and give me a call if you have any questions.

Thank you.

Janet
